

SILENT WAVES

UPGRADE YOUR READOUT
WITH OUR TWPA PLUG-IN MODULE

THE **DREADNOUGHT**

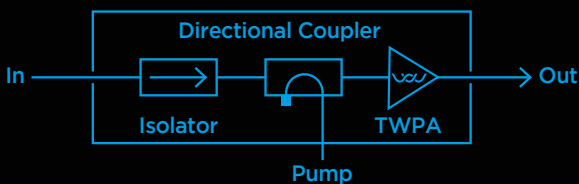

PLUG & PLAY READOUT MODULE

THE DREADNOUGHT

The ultimate plug & play solution for high-fidelity, single shot qubit readout.

Combining all the cryogenic electronics needed before the TWPA, the Dreadnought is Silent Waves' latest product.

- Available with our two TWPA models (Argo & Carthago)
- Easy to stack
- Magnetically shielded TWPA
